

BY
FED ROBINSON

We are having trouble with a pretty little oak tree planted in our yard last year which is inclined to lean southward whereas we want it to stand up straight. We have a tight wire attached to a peg in the ground pulling it back into a straight line, but the moment we remove the wire - no matter how long it has been tugging at that tree - it leans southward. I guess we are fighting something much older than that little tree forgetting that "the way the twig is bent is the way the tree will grow" and we put our tight wire on too late in the life of the tree. Well, there could be a great deal more happiness in the world, in organizations and in families if we all could un-

derstand better how difficult it is to make over the inclinations and habits and leanings of human beings. After a person is 35 or 40 years old it's pretty hard to change him from what he is to what some one else would like him to be. Many wives have cried many tears about this thing and many husbands have left the house, slamming the door behind him because their wives have failed to conform to his views in the matter of housekeeping and other things. What a pity it is that we are always wanting to make people over into someone else, and how futile it is to fret about this very impossible thing. So, what do you say, lets just take them as they are and remove the tight wire and fuit this stretching and straining against the impossible.

George Washington Carver once head of Tuskegee Institute surveyed the ground of that college and instructed the workers to lay cement walks from building to building and gave them the outline where they were to be placed. It wasn't long before the great educator made a valuable discovery about human nature. He found dozens of little paths beaten through the grass from place to

place on the campus and many of the smooth pavements had never been walked upon because the students in their own behalf had figured out short cuts, and more convenient directions and had ignored the walkways for the simple reason they were not inclined to follow them. Doctor Carver observed these things and ordered the concrete strips removed and relaid directly in those paths the students had chosen notwithstanding the crazy criss-cross patterns it all made. This great scientist learned a lesson there and also taught a lesson. He learned that people were more important than concrete - like when Jesus said the Sabbath was made for man, not man for the Sabbath - and Doctor Carver taught us that it was better to wait a little see which way the people were inclined to go and then try to improve the way. The Scripps-Howard Newspapers have a slogan which says "Give the people light and they will find their own way" and we certainly subscribe to that teaching so far as secular things are concerned.

I recently came into possession of a Facts Book and among other things it tells the day of the week any date

in history falls, and I'd like any of our readers write me for the day in the week they were born - if interested - if they will the date of their birth including the year.

BIRTHDAYS OF GRENADIAN FOR FEBRUARY:

Markolita Long - the flower girl - 2nd; Curlee Poona, 1st; E. L. Stoker, 11th; Cornelius Ferris, 12th; Leon Provine, 16th; Carlton Carpenter, 19th; Leonard R. Holman, 20th; Frank Jones - 21st; Bert Clegg, 22nd; Henry J. Day, Jr., 18th; Max O'Brien, 23rd; Anderson, Pittsburgh, Pa.; favorite sister-in-law, 17th; Odom Mayhan, 22nd; Doris Liming Smith - Helena, Ark., 27th; Milt Percival, 28th.

Annual Meeting Miss. Division, American Cancer Society Feb. 1-2 Puts Spotlight on Gains Scored in War On Cancer

How the State Medical Association and the American Cancer Society can cooperate in the fight against cancer is the subject of Dr. Cummings H. McCall, President of the Mississippi State Medical Association. Dr. McCall speaks after lunch on February 1.

During the Medical and Scientific section of the Meeting, Dr. I. S. Ravdin, University of Pennsylvania Professor of Surgery will discuss new findings in diagnosis and treatment of cancer.

American Cancer Society National Headquarters is represented at the Mississippi Annual Meeting by Richard P. McGrail, Assistant to the Executive Vice-President. He will discuss County Standards of Operation with delegates and their guests.

Dr. Richard B. Cattell, Director of the Lahey Clinic, Boston, is an honored guest of the Meeting. He will discuss gastro-intestinal carcinoma with physicians attending.

Vice-President of the American Cancer Society, Mississippi Division is Hal E. Hayward, well-known Jacksonian. He will preside at the Annual Meeting opening on Feb. 1.

"The War on Cancer" is Dr. John C. Burch's banquet address February 1. Dr. Burch is Professor of Gynecology at the Vanderbilt School of Medicine, Nashville.

JACKSON, Miss. — Program details for the Annual Meeting of the Mississippi Division, American Cancer Society were announced today by Mrs. Elizabeth N. Wates, Executive Vice-President. The Meeting is scheduled February 1-2 in Jackson's Robert E. Lee Hotel and will highlight heartening advances won this year by the Society and its volunteer workers in Mississippi.

In addition to Society business scheduled for the Meeting, this session will honor Dr. Felix J. Underwood, Honorary Presi-

dent of the Society, for outstanding service in the Cancer Control Program, and a panel of physicians nationally recognized for their work in this field has been invited to speak. The panel includes Dr. Richard B. Cattell, Director of the Lahey Clinic, Boston; Dr. I. S. Ravdin, of the University of Pennsylvania, and Dr. John C. Burch, of the Vanderbilt University faculty of medicine.

Dinner addresses by Dr. Cummings H. McCall, President of the Mississippi State Medical Association, Hal E. Hayward, and Dr. Felix J. Underwood are also in store for the Meeting.

this year, and distinguished Mississippians from the entire State are listed as participants. On hand from the National Headquarters of the American Cancer Society will be Richard P. McGrail, Assistant to the Executive Vice-President, who will discuss standards of cancer control in Mississippi counties.

The program gets underway at 8 a.m. in the Arlington Room of the Robert E. Lee Hotel, February 1, and the public is cordially invited to participate and to support the concerted battle now being waged against cancer through the American Cancer Society.

On washday or any day
GAS heats water so fast there's
always plenty for every need

Can you run a three-ring circus of bathing, dishwashing and clothes washing at your house and never run out of hot water?

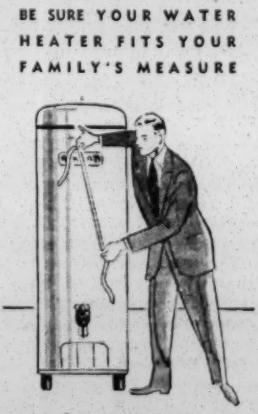

Well, your problems are over when your dealer matches your family's measure with the right size automatic gas water heater . . . You'll get all the hot water you need for hour after hour because gas heats water 3 times faster than any other fuel.

Of course, gas is far cheaper. A gas water heater needs no special installation and gas burners are good for a lifetime. You are years ahead with gas in savings and service!

Gas Company**

A Good Citizen Serving Mississippi

Remember GAS Is cheaper... 3 times faster!

NOTICE OF LAND SALE

State of Mississippi, Grenada County

Notice is hereby given that, pursuant to a decree of the Chancery Court of Grenada County, Mississippi, in Cause No. 9256, styled by Mrs. Maurine McCoy Kupfner vs. J. N. McCoy, et al., entered in vacation on December 13, 1954 and now of record in the minutes of decrees of said court, in Minute Book M, page 41, the undersigned as Special Commissioner under the terms of said decree will expose to sale and will sell at public outcry to the highest and best bidder for cash, at the East or front door of the Court House in said county, in Grenada, Mississippi, within legal hours on the 26 day of February 1955, the following described land and property, located in Grenada County, to wit:

"All that part of SE $\frac{1}{4}$ of NE $\frac{1}{4}$ of Section 15, Township 21 North, Range 5 East, lying west of the I. C. Railroad right-of-way, less 10 acres owned by J. T. Gant and less 18 acres conveyed by James C. Horton to J. G. Thomas and less the portion thereof conveyed for road purposes as a part of Highway No. 51, the property herein described consisting of ten (10) acres, more or less, and being all the property in said Section conveyed by E. L. Austin and wife to James C. Horton by deed recorded in Book 55, page 377, less the part containing 18 acres conveyed by said James C. Horton to J. G. Thomas on December 19, 1922, and less said por-

tion consisting of right-of-way for said Highway No. 51.

The above being the property that was conveyed by C. E. Bain to said Mrs. J. N. McCoy, by deed April 13, 1942, and recorded in the land records of said county in Book LL, page 569.

1 acre square in the southwest corner of SE $\frac{1}{4}$ of NE $\frac{1}{4}$ of Sect. 15 Township 21 North, Range 5 East, lying west of the I. C. Railroad right-of-way, excepted in deed by within named Grantor (C. E. Bain), said deed appearing of record in Book LL, page 599.

The above being the property that was conveyed by C. E. Bain to said Mrs. J. N. McCoy, by deed dated July 12, 1943, and recorded in the land records of said county in Book MM, page 33.

A part of Section 15, Township 21 North, Range 5 East, described as beginning at a point where the land of Grantor and land of McCoy's intersect, on Highway No. 51, and run thence North with the west right-of-way of said highway 118 yards to a telegraph pole, thence Northwesterly 90 yards to a farm road, thence along the southwest line of said road 140 yards, to the corner of Grantors land and the Bennett land, thence South 13 yards to land of Grantee, and thence Southeasterly to point of beginning, being 3 $\frac{1}{2}$ acres, more or less.

The above being the property that was conveyed by R. E. Carpenter to said Mrs. J. N. McCoy, by deed dated January 7, 1946, and recorded in the land records of said county in Book

85, page 311.

Less and except, however, from above described lands the parcel of land that all of within heirs of said Mrs. J. N. McCoy sold and conveyed to J. L. Woods on November 12, 1952, as shown by deed to said Woods of record in Book 103, page 571.

The above being and including all land that the said Mrs. J. N. McCoy (being the same person as Mrs. Sarah McCoy) died seized and possessed of, whether fully described or not; less and except the parcel so conveyed to said J. L. Woods by all the said heirs of said Mrs. McCoy."

The said property is being sold for purposes of partitioning among the owners thereof, according to the terms of above decree, and the title is believed to be good; but I will convey only such title as is vested in me as commissioner.

Witness my signature on this the 31st day of January 1955.

BYRON HUNTER, Chancery Clerk and Special Commissioner.

we are trying to fix the date up right on the mailing list.

See that pretty gal on the society page. That's one of Squire M. O. Gray's granddaughters.

In order to prevent candidates politicking with each other, we are figuring on getting some celluloid buttons. "I am a candidate, too. Don't politick with me" printed on the button, for free distribution to candidates who announce with us. Such a button will save time for all.

Reading the Deer Creek Pilot Sunday, I paid extra attention of the race. Speck Davis told me Friday proceedings of Sharkey Board of Supervisors and I was surprised to find Nothing further was said.

out that these proceedings mentioned how much Mr. Shropshire, the county's chancery clerk got. We hardly ever have anything like that up here in Grenada County.

Glancing over the supervisor's proceedings of Kemper County, I see that the supervisors there draw around \$100.00 a month and that each supervisor gets his money from his own road fund. The pay is not uniform, but of varying amounts, probably on account of the varying withholding taxes.

As near as I can get to the sheriff's

"Hocus-Pocus"

This misunderstood interpretation of an English priest's statement, "Hoc est corpus" ("This is the body"), was used for centuries as an incantation against many diseases. This inaccurate Latin command was supposed to drive illness from the body.

The human body is the finest machine ever created. Proper care and a physical examination at least once a year may add years to your life. Let us serve you when medication is needed.

BRISTER'S PHARMACY

Phone 258 — Grenada, Miss.

The farm pictures shown below to claim them. If you know whose ed picture of their place were run in the GCW last week and homes these are, please tell them so

This Series Sponsored by Jimney-Jungle, Grenada.

If this is YOUR farm, you can get, without charge, a nicely painted picture of the farm, but you must come to the Grenada County Weekly and identify it.

While you are in the GCW office, we hope to interview you and get a story, for subsequent publication, about this property and about your family.

If you need other photographs of the above, either the site shown, or larger, or on postal cards, the GCW can, and will arrange for them. A reasonable charge, of course, will be made for these reproductions. Let us show you samples.

Billy Graham Film To Be Shown Here February 11

On Thursday, February 11, the Billy Graham film, "London Crusade" will be shown in the auditorium of the First Baptist Church of Grenada beginning at 7:30 p.m.

This hour-long film shows the miracle God wrought in the revival crusade in London, England during the spring of 1954, when the Billy Graham Evangelistic team directed the series of revivals. This is an interesting film, and well worth while seeing. The admission is free. Tell your friends, and bring them.

American Legion Auxiliary Holds Meeting

The American Legion Auxiliary held a regular meeting at the City Hall, Monday, January 31 at 7:30 p.m. with Mrs. R. H. Bierne, president, presiding.

The meeting was opened with advancing of colors by Mrs. Cecil Penn, followed by the Pledge of Allegiance to the Flag. The group sang 1 verse of America. Mrs. W. W. Whitaker acted as Chaplin in the absence of Mrs. Odom, reading a prayer.

The preamble to the Constitution of the American Legion was led by Mrs. Bierne.

Minutes of the preceding meeting were read by Mrs. Penn and approved. The treasurer's report was given. The unit voted to make a contribution to the Polio Fund.

The president appointed Mrs. Archie Hoffman to be Poppy Chairman for 1955.

Committees will be appointed by the president for the initiation ceremony which will be held in February.

The meeting was then turned over to the program chairman, Mrs. W. W. Whitaker, who introduced the guest speaker, Atty. Thomas Bell.

In introducing Mr. Bell Mrs. Whitaker explained his service and educational background. He is a graduate of Grenada High School, Class of 1941, and served in World War II as a B-17 pilot. After the war he entered the U. S. Marine and graduated with BA and law degrees in the class of 1949.

In 1951 Mr. Bell was elected County Attorney of Grenada County. In 1951 he was recalled to military duty and served 2 years as assistant Staff Judge Advocate of 31st Infantry Div.

He returned to Grenada in 1953 forming a law partnership with Jay Gore, Jr. under the firm name of Bell and Gore.

Mr. Bell spoke most interestingly on the origin and administration of laws, blending the moral code into resulting civil laws, and throughout his talk brought out incident after incident where laws and the executive arm of the law had influenced the cultural life of citizens of the entire world.

Attorney Bell's address was most interesting and it is regrettable that more members did not hear it.

After his address Mrs. Bierne declared the meeting closed and the colors retired.

CHURCH MUSIC RALLY SUNDAY, FEBRUARY 13

On Sunday afternoon, February 13 at 2:30 p.m. the Associational Baptist Music Rally will be held at the First Baptist Church. It will be directed by Mr. W. C. Morgan, of Jackson, Mississippi, who is the State Music Secretary for the Mississippi Baptist Convention. The Rally or "Hymn-Sing" will spearhead the Associational Music School to be held at the First Baptist Church February 14 through 17, at 7:00 each evening. Classes in Practical Music Lesson, Music Conducting, and Laboratory Choir will be presented. All the Baptist Churches in Grenada County are participating. Anyone from 9 years of age up is cordially invited to attend.

H. J. (Bo) James Jr. of Memphis was a weekend guest in the home of his parents Mr. and Mrs. H. J. James Sr. Guests on Sunday in the James home included Mr. and Mrs. Curtis James Jr. of Eupora, Route 3.

Local Minister To Attend Crusade In Cuba

Rev. Felix Supphin, local Methodist Pastor, is leaving Greenwood by plane Monday afternoon bound for Cuba to be a part of the Annual Evangelistic Crusade sponsored by the Methodist Church on the island.

About 100 preachers from the Southeastern part of the United States are invited each year to go, at their own expense, to carry the gospel to Cuba. The local church is paying part of Bro. Supphin's expense.

While on the island the men preach through interpreters, train classes in church membership, and do visitation evangelism in the homes, cane fields and tobacco industries. The goal of the crusade this year is to add another 1,000 members or more to the rolls of the Methodist Church there. Already about 8,000 persons belong to the Methodist Church on the small island. To care for these there are 25 pastors full time, many lay preachers and 38 missionaries.

According to Bro. Supphin, the Methodist participate in an interdenominational seminary training religious workers at Matanzas, operate an agricultural school in the largest sugar producing area, and have three other schools for girls and two for boys. In addition a big program including medical dispensaries, homes for children, aged and needy, and rural centers, is carried on.

Bro. Supphin will return on the 18th of February in time to be in his pulpit on Sunday morning the 20th. He asks your prayers.

Coca-Cola To Introduce New Size Bottles

Mr. H. L. Honeycutt, president of Grenada Coca-Cola Bottling Co. states that the Coca-Cola Company has announced their plan to make a new size bottle available in markets in the East, Middlewest and far west beginning this week.

The king size bottle will make its bow in Springfield, Mass.; San Francisco, Oakland, Haywood and Pittsburg, Calif.

The family size package will be introduced in Boston, Mass. and Columbus, Ohio. It will go on sale in Columbus today.

Mr. Honeycutt said there is a possibility both new bottles will be put on the market later in a few additional Middle Western cities. He added, however, there are no plans at the present time for putting the new

packages into other cities in other sections of the country. Limiting their introduction to selected markets, he explained, will enable the company to study marketing technique and conduct consumer surveys more closely.

"Both the family size and the king size bottles", Mr. Honeycutt pointed out, "will be companion packages to the present standard bottle, which will continue to be our mainstay."

"What we are doing is simply making it more convenient for the public to buy and serve Coca-Cola. The product is the same, the quality the same. The size is a matter of preference and now we are giving everyone a choice."

The company's market research through the years, Mr. Honeycutt said, shows that the majority of the public prefer the standard size bottle.

"At the same time," he added, "our studies indicate there is a potential market for other size bottles, particularly for group refreshment in the home. It is here the family size and king size packages may prove to be of great convenience."

The two new size bottles were designed along the same lines as the present Coca-Cola bottle, Mr. Honeycutt revealed, with the same distinctive shape.

Layette Shower Honors Three Providence Ladies

Mrs. Lige Abel Jr., Mrs. Clifford Sutton and Mrs. W. D. Worsham of Providence Community were honorees at a layette shower on the evening of January 26 in the school cafeteria given by members of the Providence

WMC.

Upon arrival the thirty eight guests were served home made cake with coffee and cokes.

Identical decorated containers filled with gifts were presented each honoree, who was graciously assisted in the cutting or ribbons by Mrs. Virginia Rocha.

Out of community guests present were Mrs. Monroe Williams, Mrs. Thomas Mitchell and Mrs. R. H. Schiele of Lambert.

On Thursday Mrs. Carl Leverette

and her nieces Nita and Rita visited Mrs. Leverette's parents Mr. and Mrs. Mose McClellan in Sweatman.

Visitors in the George Levedette home Sunday were Mr. and Mrs. Jewel Redmond, Greenwood, Mrs. Feitz, Mr. and Mrs. Homer Mathis, Grenada.

James Miller, chancery clerk of Pontotoc County and Clell Miller, Ole Miss, were guests Sunday in the home of their sister, Mrs. Tom Gillon.

A Suggested Way To Get That
Contraption Paid For

I have always said that Byron Hunter was smart to get the county to pay out a whole lot of money to get what I have been pleased to call that "contraption", or the photographic machine which takes picture of the actual written deeds, etc. which are to be recorded. I am sure that such a method is faster, more accurate and easier to do than the old hand-written method, or even the typewritten method and, without doubt, is the fool-proof, modern way of recording legal papers and is an asset to both the county and its citizens.

The thing I have kicked on is that the county of Grenada and not Byron Hunter, the chancery clerk, paid for the machine.

The fixed law provides pretty good pay to the clerk for recording such instruments and does not tell the clerk how to record them, but assumed that the clerk records them on his own time and at his own expense, whether he uses a pen, or a typewriter, or a photographic contraption.

It is like hiring a fellow to plow your garden. You don't care whether he spades it up, or uses a mule, or a tractor, just so he gets the garden plowed up. You don't furnish either the spade or the mule, or the tractor. You just pay the man for his time and effort in fixing the garden.

That's about the same thing as getting something recorded at your own court house. You don't ask the county to do that, you ask the chancery clerk and expect to pay the chancery clerk the fee fixed by law.

While this modern machine (and I am not kicking about the machine) was paid for by the entire county and taxes. A similar and, it seems to me, does it in a fast and accurate way, a very just demand from the cities the county government gets nothing and the towns, where most of the out of having such a machine, nor gasoline is sold, for a better share can I see where the citizen who has (none now) of the huge excise taxes something to record gets anything on gasoline. So far, however, the legislature is "country-minded" and still the matter "written in the book" and allots all of such taxes to the counties speaking for the municipalities are promising to look a lot as the work will be done right and is closer at candidates asking either for not particularly interested in whether election, or reelection for seats in the legislative halls in Jackson, and well a typewriter, or photographed and, however it is done, he has to pay for

The advice given the legislators by practically everybody could be made into one sentence: don't bother me; for Byron Hunter or his successor, but I can not yet see why the general

county should have paid for it, nor is this a fight on Byron Hunter whom I admit is smart. I am leading to suggestion and the suggestion is this and I am saying it in plenty of time.

I suggest that Byron Hunter agree to pay into the treasury the cost of this contraption and, if he is not successful in his current attempt at reelection, that he sell the contraption to his successor. I am told these contraptions will last a long time and would be useful to Byron, should he be reelected, or to his successor, if he has one.

The legislature makes so many laws that a layman like myself cannot keep up with the ever-changing laws. If, therefore, the legislature has passed a law, unbeknowning to me, that permits the board of supervisors to buy and pay for such a contraption for use in the chancery clerk's office, I apologize for again bringing this matter to the attention of the people; and, if I am wrong in anything I have written herein, I will be happy to print a correction.

Age Mellows A Fellow

As I am fixing to retire, I think it is about time to confess the truth about some things, particularly about political dislikes I used to have.

My father did not pay much attention to political affairs, nor politicians and not too much to governmental affairs in general, so I got no political likes or dislikes from him.

On the contrary, my older friend, the late Mr. Ottie Lawrence, did have a lot of likings and dislikes about politics. In such matters, I sort of sat at Mr. Lawrence's feet and I absorbed much from him, especially his political likes and dislikes.

Now, for his own reasons, Mr. Lawrence did not like the Atkinsons in Beat 5, Warner Horton in Beat 3 and old man Summery Elliott in Beat 5. I unconsciously was brought up to think of Elliott, Atkinson and Horton as about the damnest rascals in Grenada County. All of them were mixed up in politics. Mr. Lawrence's thoughts became my thoughts.

At the time, I lived in Beat 5 and, unconsciously I looked on whatever Jim Elliott, old man Summery's son, said or did with a lot of suspicion. Time moved on. Better knowledge of Jim taught me that Jim was a pretty good fellow and I got to liking Jim Elliott and still like him.

Then, pretty soon, I was on the Board of Supervisors with Warner Horton, still thinking that Warner was the damnest rascal in Grenada County. Time moved on and, as the suspicion began melting away, I began liking Warner Horton, have liked him ever since.

To date, as far as I knew, nothing was ever done about old man Jim, nor about any other of the many folks in Grenada who have squashed Negro rental property.

Unfortunately there are many individuals, Negroes and white, who just cannot afford to pay rent on anything except this squashed property. We can not run such folks out of town, and we can not do as the Germans did - send them to the gas chamber.

The folks who own this kind of property, fix their rents just like do the folks who have good rental property - more or less based on the value of the property rented. The tenants who occupy such property cannot afford to pay more and they have no place of their own to move to and have to live somewhere. They can not live on a ditch bank or under a tree.

Housing conditions, for those who cannot afford to pay much rent, are bad in Memphis, bad in Grenada, and, I guess, bad all over the world. If Memphis can do anything about the squashed conditions there, we can read the Commercial Appeal and apply remedies in Grenada that we learn from Memphis.

That's not much of a constructive suggestion, but it is about the best we can do.

Grenada Has Plenty Of
"Blighted" Areas

A lot of folks in Grenada read the Commercial Appeal and they are doing a lot of talking and speculating about the "blighted" areas in Grenada, like those written about and pictured Monday in the Commercial; and what the folks here say about the conditions here is true.

We could get up a map of Grenada and such a map would show that Grenada, like Memphis, has plenty of spots where substandard housing is.

What to do about it is, of course, the question. We have plenty of law, health law, sanitary law and zoning law, and we have plenty of officers.

We have had experience here in Grenada trying to clean up some of our nests. I recall, when I was on the board, our pet project was to make old man Jim Weeks clean up and make sanitary the Negro rental property that Mr. Weeks owned. The aldermen would order Snip Crenshaw to get after Mr. Jim, and, after conferring with the sanitary department and the health officer, and we again got after Snip, who had done nothing, way.

we would let old man Jim rest a while. To date, as far as I knew, nothing was ever done about old man Jim, nor about any other of the many folks in Grenada who have squashed Negro rental property.

I was 60 on July 5, 1954 and was, on that day eligible for retirement pay, but I have been fooling along ever since, and, until yesterday, I never did sign "those papers". The effective date of my retirement, therefore, is January, 1955.

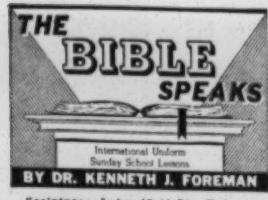

Mabel, who helped start this paper and who has worked on and with it all these years and who is the Publisher of the paper and who manages with most of the little money, will have more and more to do with the GCW from now on and I leave it in what I consider excellent hands.

I thought it was all a rumor about Mary Cain being a candidate for Governor this time until I was reading her paper this week. Mary is a fine woman and has lots of sense. I, with my eyes open, threw away my vote for her, and used lots of our space in her behalf in 1951 and perhaps would do both again, if I thought she had a Chinaman's chance but I am using what little I have for Coleman this time.

The Grace of God

Lesson for February 6, 1953

THE "grace of God," as the New Testament uses the word, means at least two things. The most common meaning is the undeserved favor of God. It is almost the same in meaning as the love of God, except that the word "grace" carries in itself the idea of something not earned, not deserved, but given out of sheer generosity. The other meaning (found for instance in Titus 2:11) includes still the idea of unearned favor, but it goes beyond this. The grace of God is not only an attitude of God toward men, it is a power bestowed by God, on men. One modern writer has truly said that the Grace of God is almost another word for the Holy Spirit, for what the Spirit does in man, this the Grace of God does also.

Saved by Grace

We cannot pretend to understand the grace of God. It is not too high for us to experience, but it is too high for us to understand, because God can never be crammed into any human brain. But it is extremely important to try to understand what the New Testament writers mean when they speak of God's grace, for here we are at the very heart of things, here religion stops being something we talk about, and becomes something that takes hold of us. If it is true that every man is a sinner, if it is true that we are all headed in the wrong direction if we are left to ourselves, if it is true as Paul said that "the good that I would, I do not, and the evil that I would not, that I do," if it is true that only God can help us untangle ourselves, then how are we going to persuade God to do this? How can we get God on our side? What do we do to win him over? Man's desperate answers to this question have given rise to all the religions but one. Men have made painful sacrifices, torn themselves with knives, offered innumerable animals on many altars, dedicated great fortunes, devised and obeyed a multitude of difficult laws, all to win or earn God's favor. It cannot be done. The grace of God is not for sale. The one religion which is an exception to all the others is the religion of the New Testament. Saint Paul puts the whole truth into one single simple sentence: **It is by grace you have been saved.**

God Makes the First Move

God comes down to us; we do not climb to him. God comes to find us; we could never find him otherwise. The "grace of God" means that without our earning it, without our deserving it, God already loves us. Any man who thinks he deserves the love of God is a most colossal monument of conceit. Paul, it must be remembered, was not speaking as a professor examining the grace of God from the outside. He was speaking as a man who had experienced that grace and could talk about it from the inside. So did John in his letter (1 John 4:10). It has sometimes been supposed that God had no grace in his heart at all, for this miserable race of stupid and selfish people; but that Jesus somehow made God sorry for mankind and by his sacrifice induced God to change his mind and save us. Nothing could be more opposite to New Testament truth. All that Christ did for us, including his own self-sacrifice on the cross, was not a cause of God's grace but a result. Christ did not come and so cause God to love us; God loved us and so sent his Son "to be the propitiation for our sins." In the war between man and God it is God who makes the first move toward peace.

You Cannot Take God's Grace And Leave It Too

A good TV program may bring education to all men; but not all men will take it. So though Paul says God's grace brings salvation to all men, some men are plainly not saved. Some men learn the humility that it takes to accept God's free gifts. Other men as it were take the free grace of God but promptly leave it again. The grace of God never operates in a vacuum. God never, so to speak, scatters it around not caring what people do with it or about it. The grace of God is not something for a warm emotional moment, something to look back on all one's life. It is not like a ray of sunlight recalled in an arctic winter. The grace of God is not an abstract something, a mere doctrine in theology.

"UNTIL DUST SETTLES"

How many readers today are old enough to remember "way back" when sweeping was one of the big vicissitudes of housekeeping? And yet sentimental souls still call those "the good old days."

Where did they keep themselves while the sweeping ordeal was wearing out everyone "sentenced" to take part in it?

First of all, everything that could not be moved out of the room fairly easily was covered with cloths, old sheets, anything to keep the dust out. Next, the windows were opened wide, even in mid-winter.

Then came the sweeping, back-breaking, sometimes almost actually blinding so much dust was stirred up.

Naturally the windows were opened because there was no other way to save the poor souls doing the sweeping from becoming half-suffocated. If goggles had been known then, surely the women would have worn them. But you know what they did wear, those terrible dust-caps that still bob up now and then, with an elastic around the edge to hold them tightly on the head—and to make the wearers still more comfortable.

If you had any hand in running a home when this weekly ordeal was common practice, you remember something else about it, too.

When the sweeping finally was over, you didn't go right to work taking dust-covers off things and continuing with the cleaning up. My, no!

You waited for the dust to settle.

Women in those days simply deluded themselves into the belief that they were keeping their homes clean by the crude methods—the only methods—they could follow. It must have been obvious to anyone that only a fraction of the dust had been taken out of the room. It settled back on the carpet, it was shaken free, set into motion again, the moment any poor soul began to finish up her so-called "cleaning."

It is important to take a good look back at the customs of other days just about every so often. When we do, it makes us realize that our very-much-taken-for-granted vacuum cleaner, for example, actually is a marvelous aid to good living. In the witchcraft days, if by some miracle a Salem housewife could have appeared with a vacuum cleaner, she would have been burned at the stake.

Sweeping moved the dust. Vacuuming removes the dust and does it so easily and thoroughly that now no one dreads going over the carpets, or has to make any preparation at all for doing it.

honestly say that Ben has been a good supervisor and seems to have devoted all of his time to his duties. Among other things he has been ex-officio street commissioner of many parts of this community, which, while "in town", are really outside the corporate limits and he has set a pretty high mark for anyone who may succeed him.

Before we got out those subscription statements, it looked like everyone I saw owed us, but things are now looking better. Only a few still are in the NPD class.

Brother Dixon out about Providence just comes to town every year. He was in town recently and, as usual, came around and got a paper. About 8 years ago, he ran for some office, paid his stud fee and got his name in the pot, but nobody ever saw him much again.

If you did not pay your poll taxes by Tuesday, that is just too bad.

I would have applauded Judge Rodgers if he had held up that jail sentence for Edgar Durham for making whiskey. I think that's about all Edgar knows how to do and he has a wife and house full of kids to support. Even when he gets out, he will probably get back to making whiskey.

Inman Rouserville must befiggering on announcing for something, as I saw where he took out the GCW.

Another one cut off was Mr. J. H. West of Detroit. Mrs. West reported that the old "hickory king of Best 3" was just about past going, for which his many friends here will be mighty sorryful.

In looking over the list, I see where the Marsh family (inlaws of Milton Percival in Cleveland, Ohio) are being marked up for another year. I just don't recall what became of that dude, kin to the Marshes, who borrowed the GCW so much that the Marshes paid for a subscription for him, so they could keep their own.

It is mighty nice to add a new one as we are now called on to do when, at the instigation of Estes Pleasant, we add the name of Lt. D. A. Mitchell in the air force in Texas, even if it is sad to have to cut off names of those who, for various reasons, ask us to discontinue.

Garner Meaders of Biloxi, with his renewal check, said he had been tempting me to send him a blank paper, that he imagined he would like such an issue.

Most of the candidates seem to be in pretty good shape. Nearly everyone of them has had a twenty which I either keep, or give change for.

It is sometimes mighty sad, changing the mailing list: for instance Friday, we reluctantly cut off our old

While we have received a good many renewals, we still have a good many hold-outs.

According to an informal agreement between me and Byron Hunter, Mr. Grimes was to get the business of publishing the allowances of the board during this the 1st quarter of 1955. I wanted to see actually how much the county paid the supervisors, so I went over Monday the 31st, and asked Mr. Grimes to let me see a copy of his paper so I could read for myself. But, to my astonishment, Mr. Grimes said he had not up to then published such proceedings, nor did he have such proceedings to print. I am still in darkness.
